11,000 *free* flights are needed every year

When you or someone you know needs to travel to a medical appointment, Hope Air may be able to arrange a flight. Hope Air is proud to provide all flights to eligible clients completely free of charge.

Here's what you can do:

Your group can collect donations to pay for one flight (approximately \$250.00) and the Anglican Foundation of Canada will send it to Hope Air when a child needs air travel.
