## BREAKFAST FOR KIDS BEFORE SCHOOL

---

The Anglican Foundation of Canada is responding to one of Vision 2019 Marks of Mission: “To respond to human need by loving service” with the establishment of a **KIDS HELPING KIDS FUND.**

# BREAKFAST FOR KIDS BEFORE SCHOOL

---

2.5 million Canadians live without secure access to food. Childhood hunger has a long-term impact on psychological and mental health. Children who live in food-insecure households are more likely to have growth and development problems, be susceptible to illness, and perform poorly in school.

Every day in Canada, one in five kids walks to school hungry. Many Anglican Churches in our country provide a nutritious breakfast for kids —making a huge difference in their lives and their futures!

**YOUR DONATION WILL MAKE IT  
POSSIBLE FOR THESE BREAKFAST  
PROGRAMS TO CONTINUE.**

Other programs supported by the Kids Helping Kids Fund:

- caring for kids with a terminal diagnosis
- helping kids with homework after school
- giving kids a chance to go to summer camp or choir school
